

Professional Engineering Services Limited

MATERIALS TESTING SERVICES

CURRENT SCHEDULE OF CHARGES in BZ\$ EXCLUDING GST

PART A - AGGREGATES

TEST	DESCRIPTION	UNIT	CHARGE
A1	Sample preparation	per hour	40.00
A2	Sieve analysis (gradation)	per test	75.00
A3	Wet or composite sieve analysis	per test	100.00
A4	Clay content by decantation	per test	75.00
A5	Flakiness/elongation	per test	100.00
A6	Relative densities/water absorption	per test	150.00
A7	Bulk density (loose/rodded)	per test	75.00
A8	Moisture content determination	per test	30.00
A9	Aggregate impact value	per test	200.00
A10	Aggregate crushing value/10% fines	per test	225.00
A11	Average Least Dimension (ALD)	per test	125.00

PART C - CONCRETE, BLOCKS, MORTAR

TEST	DESCRIPTION	UNIT	CHARGE
C1	Compressive strength of cubes	per sample	40.00
C2	Compressive strength of cylinders	per sample	45.00
C3	Compressive strength of core samples	per sample	100.00
C4	Air content of fresh concrete	per test	100.00
C5	Compressive strength of blocks	per test	150.00

PART F - FIELD TESTING

TEST	DESCRIPTION	UNIT	CHARGE
F1	Preparation/collection of samples	per hour	35.00
F2	Insitu density, sand cone method	per sample	100.00

PART S - SOILS

TEST	DESCRIPTION	UNIT	CHARGE
S1	Sample preparation	per hour	40.00
S2	Soil classification	per sample	225.00
S3	Plasticity Index (Atterberg Limits)	per sample	175.00
S4	Dry density/moisture content (Procter)	per test	175.00
S5	C.B.R.	per test	125.00
S6	Unconfined Compression	per test	125.00
S7	Hydrometer (fines particle size)	Per test	250.00

Note: Charges do NOT include general sales tax, which will be added as required.
